BATHROOM DESIGN
EXCELLENCE

Delivering Quality

Phoenix products are available through our award winning independent accredited bathroom retailers, who can guide you every step of the way in creating the bathroom of your dreams. Their expert advice and industry knowledge will make choosing your bathroom an effortless experience.

For over 26 Years Phoenix Bathrooms have manufactured and supplied prestigious bathroom products from our Yorkshire based production facilities.

Implementing our goal to deliver high quality bathrooms time and time again, our in-house research & development teams are at the forefront of design, innovation and manufacture, skilfully blending form and function.

Your bathroom should be a place of stylish tranquillity, re-assured by exceptional build quality and guaranteed next levels of style and comfort.

PHOENIX[®] A Sustainable Choice

Phoenix are proud to be an ethical manufacturer whose principles are founded on the reduction of our carbon footprint throughout the supply chain and a responsible approach to both quality and the satisfaction of our clients.

Phoenix believe that our planet is our responsibility, so for every furniture order supplied, we secure the planting of a tree via **Eden: People + Planet**.

Eden: People + Planet offer the dignity of fair employment to people living in impoverished communities who become transformational agents of global forest restoration. Eden's global restoration network is creating livelihoods for millions of people living in extreme poverty by empowering them to restore and protect forests on a massive scale.

Phoenix plant a tree for every furniture order we supply. So far, we have planted over 52,000.

Flawless Designs

The Phoenix design team take inspiration from all aspects of life, bringing together, not only aesthetic beauty, but everyday practicality. Blending form and function seamlessly to create sensory products designed to be used in everyday sanctuaries to elevate your well-being.

Virtual Worlds

Phoenix Bathrooms products range are now available on the Virtual Worlds design platform. Virtual Worlds offer immersive virtual reality systems for bathroom design and presentation.

Our wood suppliers are **FSC** certified. The Forest Stewardship Council (FSC) sets the standard for responsible forest stewardship. Forests regulate our climate, clean the air we breathe and filter the water we drink.

This Phoenix brochure is printed to **PEFC** certification. PEFC is the world's leading forest certification system and an internationally recognised brand devoted to ensuring that forests are managed according to environmental, social and economic criteria.

A PERFECT MATCH

The Phoenix design team offers you matching colours on selected products. This provides a wealth of design solutions for your new bathroom.

Idyllic Companions

We stock an ever-increasing range of products in matching colours to give your new bathroom a stunning design consistency.

For example, Mirrors, Brassware, Accessories, Handles, Radiators, Shower Valves & Shower Enclosures are available in Brushed Brass.

Endless Possibilities

With up to twenty-two furniture colours with multiple Handle & Brassware colours, there's a wealth of creative possibilities available for your home.

Flawless Complements

Our newest Brassware colours - Brushed Bronze & Brushed Nickel - allow an even greater scope of design touches for your new bathroom.

UK Manufactured

Drawing on our 42 years of manufacturing heritage, Phoenix have invested heavily in industry leading, world renowned machinery in our state of the art, purpose-built furniture production facility based in Yorkshire.

All Phoenix furniture is manufactured to exacting standards using components from world renowned, industry leading brands. Working closely with suppliers ensures a seamless production and supply process. This gives Phoenix total control over stock, designs, and most importantly quality of materials and build.

SPECTRUM

Three of our popular colours are now available as basins - Matt Antique Rose, Matt Parisian Blue & Stone Matt. The distinctive curves of the basin contrast stylishly with the inset, geometric lines of the white units.

Complete the look with a choice of handles, legs and brassware in a range of sophisticated colours.

F 3 OR 6 LITRE FLUSHING

Choose between a 3 litre or 6 litre flush to save water

D SHORT PROJECTION

Offering the style, comfort and quality of our other ranges but with space saving features

S SOFT CLOSE MECHANISM

Phoenix seats are made from a UF (Urea) anti-bacterial material and are fitted with a soft close mechanism for reduced impact and extended life

R RIMLESS TECHNOLOGY

Rimless sanitaryware is hygienic as the entire inside of the bowl is flushed completely

Q QUICK RELEASE

Cleaning is made easy with the Phoenix quick release hinge system

C COMFORT HEIGHT

People with reduced leg/back movement may find these slightly higher toilets more comfortable

W WHIRLPOOL RIMLESS TECH

Rimless sanitaryware is hygienic as the entire inside of the bowl is flushed completely

PVD DURABLE COATING

Our **PVD durable coating** is a modern process that will stay on the product longer than traditional electro-plating and powder coating.

BATHING

Affordable Luxury

Phoenix whirlpool and airpool systems are luxurious, affordable and one of the finest investments you can make in your personal and family well-being.

Developed from years of experience and using the latest technology, each system has been carefully designed to ensure maximum benefit with long lasting reliability.

Choose from 3 high performance whirlpool and airpools, each one is manufactured specifically to suit your chosen bath.

The Quality of an Amazonite Bath

Over the last 26 years Phoenix have developed an unrivalled reputation for luxury bathing that incorporates the most versatile and contemporary designs.

Amazonite is our modern technical advance which delivers the ultimate in strength, rigidity and heat retention. It uses a reinforced layer which enhances the baths thermal properties giving you a consistent bathing experience time and time again.

Amazonite is now respected throughout the industry and is the barometer of quality by which bath manufacture is judged. As a result, it has become our most popular bath option.

UK Manufactured

For over 25 years Phoenix have been at the forefront of whirlpool design and innovation.

All Phoenix whirlpool baths are manufactured to ‡ exacting standards at our Yorkshire production facility using components from world renowned, industry leading brands. Working closely with suppliers ensures a seamless production and supply process and gives us total control over stock, designs, and most importantly, quality of materials and build.

Colour Matching Jets

Phoenix now offer coloured Whirlpool & Airpool jets to match your bathroom brassware. This means that your taps, bath fillers and valves will colour match your Whirlpool & Airpool jets giving you flawless, complementing bathroom products.

PHOENIX®

- Developed from our unrivalled industry experience to provide cleaning & maintenance solutions and luxurious design options, Phoenix whirlpools' unique design features include:
- V-Jet system fully drains the bath every time
 - Phoenix Dry-Run Pump Protection means the system can't run without water
 - All airpool jets are made from chrome-plated solid brass and non-return valves prevent unseen water sitting in pipes

All system baths do not include brassware/tap/filler or waste.
‡ System Bath Production Item - All these production items are specially produced in our UK factory and have a production/despatch time of approx. 5-7 working days. These items cannot be cancelled or returned after production has commenced.

WHIRLPOOL & AIRPOOL SYSTEMS ‡

- Variable three-speed airpool blowers allow you to customise your bathing experience
 - An optional inline heater, on system 1 & 3 baths, can maintain a consistent water temperature during bathing
- Easy-to-use lighting features can also enhance your bathing experience with underwater, rotating and coloured light options.

PHOENIX®

THE ULTIMATE BRASSWARE COLLECTION

TAPS, SHOWERS & ACCESSORIES

Phoenix taps are cast from the finest brass raw material and hand polished, then fitted with world class Vernet, Sedal or Citec cartridges and Neoperl aerators. All Phoenix accessories are manufactured from polished chrome plated brass giving our taps and accessories both form and function for many years to come.

PVD utilizes a Titanium Nitride that provides an extremely **durable** and **hard-wearing** coating. PVD coatings possess a far higher resistance to wear than traditional gold plating. It is a fact that the PVD coating will stay on the product longer than traditional electro-plating and powder coating.

---------------	---------------	---------------	----------------

Phoenix recommend the installation of an inline water filter to prevent the build-up of limescale and maintain the longevity of all your household products, including your taps and showers.

For showers on a low/medium pressure system, we recommend that a negative head pump is installed.

Our **PVD durable coating** is a modern process that will stay on the product longer than traditional electro-plating and powder coating.
- 

PVD utilizes Titanium Nitride molecules that provide an extremely durable and hard-wearing coating.
- 

PVD coatings possess a far higher resistance to wear than traditional gold plating.

HEATING

Phoenix offer designer towel warmers and stylish radiators that make a statement and add to the visual feast that your home has become, whilst also providing a practical heating solution.

CH CENTRAL HEATING

All Phoenix radiators are designed to work in conjunction with hot water central heating systems and are clearly marked with the CH symbol in the brochure to denote this.

DF DUAL FUEL

Many of the Phoenix radiators can be used with an additional heating element. Dual fuel radiators can be used either with the central heating system and the heating element switched off or with the heating element switched on if the central heating is not required in other rooms, this is called dual fuel.

DTDF DIGITAL THERMOSTATIC DUAL FUEL

Phoenix have developed a wireless digital touchscreen controller that can be added to your dual fuel radiator to give ultimate control with the programable timer.

PEF PRE-FILLED ELECTRIC ONLY**

All Phoenix pre-filled electric radiators are specially produced and factory filled with FERNOX heat transfer anti-corrosion fluid to maintain product quality for years to come.

All Phoenix pre-filled electric radiators can be fitted in conjunction with our wireless digital touch screen controller to give you ultimate control of temperature.

Each radiator style is clearly marked with the relevant symbols for compatible fuel types available. Product compatibility is the responsibility of the installer. All Phoenix radiators are tested at Δ60.

CM COLOUR MATCHING

The Phoenix Colour Matching Radiators are specifically produced to match our range of Bathroom Furniture colours.

ALUMINIUM

Whilst not only made from the finest raw materials, all Phoenix aluminium radiators are extremely energy efficient, using 10x less water to heat the highly conductive thermal properties. This, combined with beautiful aesthetics, make our aluminium radiators the perfect choice for your home.

POLISHED STAINLESS STEEL

Our stainless steel radiators are hand-crafted from high quality 304 grade stainless steel, giving a more resilient and longer lasting polished finish. Stainless steel radiators are ideal for all installations and are more commonly used in wetroom areas due to their anti corrosion properties.

PVD
DURABLE
COATING

PVD utilizes a Titanium Nitride that provides an extremely durable and hard-wearing coating. PVD coatings possess a far higher resistance to wear than traditional gold plating. It is a fact that the PVD coating will stay on the product longer than traditional electro-plating and powder coating.

DUAL FUEL

Phoenix have developed **dual fuel radiators** which can be used with both a central heating system and as a stand-alone unit.

Dual fuel and **electric only radiators** allow your radiator to be heated independently of the central heating system, providing warmth on tap in a cost effective and carbon-friendly manner.

To give you even greater flexibility and control, you can also add our wi-fi enabled **Digital Touchscreen Programmable Thermostatic Timer** to your dual fuel or all electric radiator.

All our electric radiators are supplied pre-filled with anti-corrosion fluid to maintain product quality for years to come. The Heating Element is supplied in the box and can be fitted on either side of the radiator. Product compatibility is the responsibility of the installer.
