BROOKLYN

Brooklyn captures the restless spirit of New York's most storied borough, where industrial heritage meets avant-garde imagination. Each tile is finished in a lustrous metallic glaze that catches and shifts with the light, revealing depths of oxidised patina, weathered character and quiet luxury.

The result is a surface that feels both raw and refined: a study in contrasts that turns any wall into a statement of understated sophistication. Available in five distinctive tones, Brooklyn brings the edge of the city and the polish of fine design into perfect, effortless balance.

DOLCE

Dulce is a refined invitation to create spaces where design breathes with quiet calm. Drawing inspiration from mineral surfaces softened by time, its porcelain base features a subtle, tactile texture grounded in a sophisticated neutral palette of cement tones.
